## Recruitment Event: Ice Cream Social

Looking back, I remember first rushing for Phi Delta Chi as a P1. Even though it was during prime COVID, I had a blast playing games through Zoom with the Brothers and fellow potential rushees. From that first event, I knew I wanted to join from how close everyone seemed. Two years later, as a Chapter, we are still striving for that same response with those who attend our rush events by highlighting our Brotherhood and what we have to offer. Our first event was an ice cream social that took place in PS230. Our WMA and WIG, Tiffany Long and Rutvi Patel, did a phenomenal job planning it out, complete with various flavors of ice cream, toppings, and even a charcuterie board. There was a good mix of P1 and P2 students that stopped by, totaling to an amount of 15. It was satisfying and reassuring to see so many people interested. Many Brothers were in attendance to welcome them and socialize, as well as helping to answer any questions specific to the Fraternity or about classes in general. While I didn't get a chance to converse with everyone, the conversations that I had were very fulfilling and gave me a good impression overall. Towards the end of the event, Tiffany and Rutvi led a Kahoot that included questions about PDC, their upcoming essentials exam, and fun facts about pharmacy in general. The top three winners were awarded gift cards! With such a great turnout, I am looking forward to our future rush events and continuing to get to know our potential candidates.
